Currently riding 2017 KTM 350 XCF

2018 AMA West Kenda Hairscramble Championship
District 36 Enduro and Cross Country Series
Past series: Rocky Mountain Enduro Circuit (RMEC): AA
WEBE Hare Scramble series: A Pro
Colorado Off-Road Championship Series (CORCS): Pro

Personal Background

Dirt bikes have been part of my life and family since I can remember. My dad raced Enduro in California, and still rides. I attended CSU Fort Collins prior to moving to California this year. I am working as an electrical apprentice in Santa Rosa. Before CSU I attended Salida High School and was an Honor Roll student and active with volunteer committees and clubs. I was involved in 4-H raising animals to sell at auction which helped me earn money for my first vehicle. I participated with the Salida HS Mountain Bike Team to stay fit for Dirt Bike racing. I also volunteered with the Headwaters Trail Alliance for single track, Mountain bike and Dirt bike improvements.

I was involved in Baseball and Football and found it was keeping me from my true interest of off-road racing. Off-road motorcycle racing is my true interest and is all I want to dedicate myself to, other than my career. I am racing in three different circuits and don't mind traveling, as resources allow it. I believe in it as a sport, a way of life, a way to stay fit, and a way to enjoy the outdoors and as a future. I would be honored to be sponsored by your company and would represent your company to the best of my ability.

Education/Work

McClure Electric, Santa Rosa CA - currently
Colorado State University, (CSU) Fort Collins, 2014-2017
Graduate, Salida High School. May 2014
Honor Student 3.33 GPA

Goals

2018 - Finish top 10 in District 36 Enduro and District 36 Harescramble and top 10 in the AMA West Kenda Hare Scramble series. This series will be new to me since just moving to Northern California in mid 2017 after ACL surgery and recovery.

I am hoping to continue my sponsorships for 2018 to allow me to continue to compete and move forward to a higher level of competition. I will represent and promote my sponsors in a professional manner and will provide exposure with print media coverage, website, social media and your logo on the sides of our box trailer, moto van and on my custom bike graphics.

Training

- *Steve Hatch 'Chiseled To Champion' training program 2013*
- *Destry Abbott DA8 Training 2013/2014*
